

### **Frequently Asked Questions**

#### **Do we purchase curriculum from Splendid?**

No, you purchase directly from the supplier. Please order far enough in advance to have your books delivered before classes begin. For some afternoon classes there will be a \$5 fee for printable workbooks, payable to Splendid. See grade level lists for details.

#### **What is TGTB?**

The Good and The Beautiful. Curriculum is found online at [www.goodandbeautiful.com](http://www.goodandbeautiful.com)

#### **Can my child move between grade-levels for different subjects?**

Yes. In our morning classes, some children move up or down grade level(s) for Math or Language Arts. Please purchase the curriculum for each subject in the grade you intend to place your child.

#### **Can we use the free, downloadable curriculum from The Good and The Beautiful and print it ourselves?**

If your grade level is available as a free PDF, you are welcome to print it yourself. Students will need all components from the course sets which constitutes thousands of pages. Please compare the cost of printing to be sure you're saving money by printing at home. Some parents have chosen to purchase the course book but use the downloadable supplements to save on the cost of curriculum.

#### **How do I know which grade level to place my child?**

If you're new to The Good and The Beautiful and/or Saxon Math, we suggest using the placement tests to determine which grade to place your child and which level to purchase.

TGTB Placement Tests- <https://www.goodandbeautiful.com/placement/>

Saxon Math Placement Tests- <https://nicolethemathlady.com/saxon-math-placement-tests/>

**Thank you! Please do not hesitate to reach out with any questions. Looking forward to a great year!**
