

Cornerstone Leadership Academy

At Cornerstone, we believe that “*Who are you going to be when you graduate?*”, is a more important question than “*What are you going to be when you graduate?*”

Cornerstone Leadership Academy will focus on who your student is becoming through the journey of the educational process. Acquiring knowledge and building Christian character are a perfect partnership, and are especially crucial in the adolescent years of development.

Our leadership program will seek to inspire your students, as well as equip them with the knowledge and skills they need to step into leadership roles and positively impact their world, both now and in the future.

To this end, we will closely examine the Jesus model of leadership, a model that exemplifies the importance of service, faith, and love rooted in obedience. Anything and everything we study will always be anchored in the truth of the Gospel, as written in Scripture.

Our students will take a close look into the motivations and faith-shaped worldview of past and present Christian leaders, as well as their actions and accomplishments. We will also study the Founding Fathers, because we believe it is important to know the basic tenets of our country's beginnings.

We will balance our class instruction time with lectures, discussions, Socratic circles, team-building, hands-on activities, and guest speakers.

Along with classroom efforts, Cornerstone will strive to partner with the local Christian community, developing internship opportunities, one on one mentorships, and building relationships with those in our town who have so much to offer our youth.

We are committed to partnering with you in this investment into your sons and daughters, and
are
looking forward to what God has in store for all of us in this educational adventure.

What a privilege it is to discuss such things with the next generation.
