Class Description:

In this course, we'll delve into the fascinating elements and principles of art, such as colors, shapes, lines, and textures. Through fun and interactive lessons, we'll explore various art techniques using pencils, watercolors, and mixed media projects. From sketching intricate patterns to painting vibrant landscapes, there's something for every budding artist to enjoy!

But art isn't just about creating beautiful masterpieces—it's also about understanding the world around us. We'll discuss how art reflects God's creation and how our creativity can glorify Him in unique ways.

Throughout our exploration, we'll draw inspiration from different art styles, including graphite sketches, watercolor paintings, and expressive mixed media projects. Along the way, we'll learn from famous artists and develop our observation skills to capture the essence of our surroundings.

So, are you ready to unleash your inner artist and bring your imagination to life on canvas? Join us on this creative adventure as we discover the magic of art together!
